HHC - 7-8:30AM & SFP - 8:30AM-4PM

*You should be fasting prior to your blood draw.
Employees are encouraged to take advantage of this benefit!*

Leadership Team Meeting

March 19, 2026

January volumes included 15 acute days and 13 skilled days. Long-Term Care (LTC) occupancy averaged 85%, currently trending below budget. Clinic volume reached 975 visits, with a total of 41 new patients across both clinics. Inpatient hospital volume has been lower than expected. Radiology and Physical Therapy departments have experienced the most significant outpatient revenue growth year-to-date. State-directed Medicaid payments are positively impacting the organization's financial performance. Salaries expense represents 53% of total expenses, reflecting continued reinvestment in staff.

The FY2027 budget will be presented to the Board Finance Committee on June 9th. Final approval is anticipated at the Board of Directors meeting on June 18th. Jill and Casey will distribute budget workpapers to the Leadership Team Members (LTM), along with a detailed timeline for completion.

The March 12th Board meeting agenda was reviewed. Consent agenda items were approved. Medical staff credentialing appointments and reappointments were approved. Two new policies and procedures were approved. Financial assistance applications were reviewed. Updates were provided on the RHC building project, which remains on schedule with anticipated completion in early June. The purchase of a new colonoscope was approved. The next Board meeting is scheduled for April 8th.

HealthStream: All employees are required to complete assigned training by the end of May.

Employee Health Fair: Ongoing communications are being shared via email, Paylocity, and posted flyers. Staff should monitor these channels for updates. Leadership Academy (LEAP): Program kicked off on March 11th. The second session will be held on April 15th.
