JULY 21

Leadership Team Meeting

June 19, 2026

Leadership reviewed April financial and operational performance: Acute Care Days: 35, Skilled Care Days: 22, Long-Term Care Occupancy: 93%, Clinic Visits: 960, New Patients: 36 combined across both clinic locations. Total patient revenue reached a new organizational high of \$2.86 million for the month. Surgical services were a significant contributor to the increased revenue performance. Net income for April totaled \$779,000.

The Leadership Team reviewed the annual budget development process and associated timeline. Team members discussed the current approach and agreed that the process and timeline worked well, allowing adequate time for departmental input, review, and revisions.

Leadership discussed the importance of timely invoice review and approval within Multiview to ensure efficient accounts payable processing. Team members were reminded to regularly monitor their approval queues and promptly review and approve invoices assigned to them. Timely processing helps prevent payment delays and supports accurate month-end financial reporting.

Annual year-end inventory count was performed on June 25 and June 26.

The Leadership Team reviewed the Annual Performance Evaluation and Scoring Tool. Discussion focused on opportunities to improve the evaluation process and enhance the effectiveness of the scoring methodology. Ashley will finalize the approved changes and distribute the updated evaluation and scoring documents to the Leadership Team.

The Leadership Team reviewed the organization's Sick Leave Policy and discussed proposed clarifications. The updated policy has been finalized and will be made available in PolicyTech.

The Board approved the FY 2027 Budget and Capital Expenditures as presented. Discussion also took place regarding the appointment of a new board member to fill the vacancy created by the passing of Rick Boardman.

A memorial contribution will be made on behalf of HHC in honor of Rick's service and dedication to the organization and community.

The clinic is scheduled to begin seeing patients on July 13, 2026. An Open House will be held on July 19, 2026, from 2:00 p.m. to 4:00 p.m. Sam Pederson, PA-C, will attend the Open House to meet staff and community members. Sam's anticipated start date is July 29, 2026.
